

# Joel Campos Porras

Full-Stack Developer

jcamposp10@gmail.com | +506 6037-7784 | LinkedIn

## Professional Summary

---

Full-Stack Developer with 5+ years of experience building production-grade web applications for global platforms. Specialized in React and Next.js, with hands-on backend experience using Node.js, Prisma, and PostgreSQL. Co-built a component library adopted as the UI standard across 5 teams at 3M, and independently developed a full-stack booking platform from concept to deployment. Trilingual in Spanish, English, and Portuguese.

## Professional Experience

---

### Front-End Developer – 3M

2019 - Present

- Developed and maintained React components for 3M's global Product Catalog and "Where to Buy" platform, supporting multiple locales, languages, and country-specific product catalogs used worldwide.
- Co-built 3M's React component library, now adopted as the UI standard across 5 teams, enabling consistent design patterns and faster delivery at scale.
- Consolidated 6 redundant video controllers into a single unified component with full accessibility support, reducing code duplication and improving maintainability.
- Mentored 2 junior developers on the team and onboarded an external contractor team, providing codebase walkthroughs, best practices guidance, and ongoing code reviews.
- Collaborating with the QA team on test automation initiatives using Cypress, expanding coverage beyond unit testing.

### Full-Stack Developer – Sportico

2025 - Present

- Built a full-stack field-booking platform solving a real gap in Costa Rica's market — replacing phone calls and manual availability checks with an Airbnb-style reservation experience for football fields.
- Architected the complete reservation flow end-to-end: availability checks, time-slot selection, and pricing logic using Next.js, TypeScript, Zustand, and TailwindCSS.
- Built and consumed backend APIs with Node.js and Prisma, covering authentication (Auth.js), data modeling, validation, and business logic with PostgreSQL.
- Developed a multi-role platform supporting both players and field owners, including booking dashboards and analytics.
- Live at [sporticocr.vercel.app](https://sporticocr.vercel.app)

## Skills

---

**Frontend:** React, Next.js, TypeScript, JavaScript, TailwindCSS, Shadcn UI, Zustand, HTML, CSS

**Backend:** Node.js, Prisma, PostgreSQL, Auth.js

**Testing:** Jest, React Testing Library, Cypress (learning)

**Tools:** Git, Figma, Jira

## Education

---

**SDI Institute**

2023

UX/UI Certificate

**Professional Technical High School**

2016 - 2018

Software Development Technician
